DUMP THE DESK-SIDE BINS!

Why remove your desk-side bins?

- Studies show that walking your waste to a centralized bin increases diversion rates
- Reduced physical strain on our custodial staff and more time for higher-priority initiatives
- Less plastic bag waste
- Get your steps in throughout the day

How can your office participate?

- 1 Talk with your coworkers about options for bin removal
- 2 Round up desk bins you want removed.
- 3 Submit a work request for pickup
